19TH Theater Support Command Inspector General

Command Inspections

- A scheduled, formal, tailored event
- Commander actively participates
- Includes an in-brief, functional inspections, out-brief, and follow-up

Two Types:

Initial Command Inspection

- A comprehensive and diagnostic **"Free Bee"**

Subsequent Command Inspection

- Measures Commander's progress

19TH Theater Support Command Inspector General

Initial Command Inspections

- Required for all Commanders
- **Within 90 days for the Active Component**
- Identifies unit strengths and weaknesses
- Comprehensive
- Included on the training schedule
- Cannot be used to evaluate the Commander
- Helps commanders establish goals, standards, and priorities
- Not used to compare units
- Results go to the inspected unit commander only (IG can get generic results)

The inspecting commander must be present and participating in the inspection!

Inspector General

Subsequent Command Inspections

- Conducted Annually
- Measures progress and reinforces goals and objectives established in the Initial Command Inspection
- The inspecting commander determines the scope and format of the Subsequent Command Inspection
- The inspecting commander may use the results of the Subsequent command Inspection to evaluate the inspected commander

The inspecting commander must be present and participating in the inspection!

19TH Theater Support Command Inspector General

Definition of an Inspection

“ An evaluation which measures performance against a standard and should identify the cause of any deviation. All inspections start with compliance against a standard. Commanders tailor inspections to their needs.”

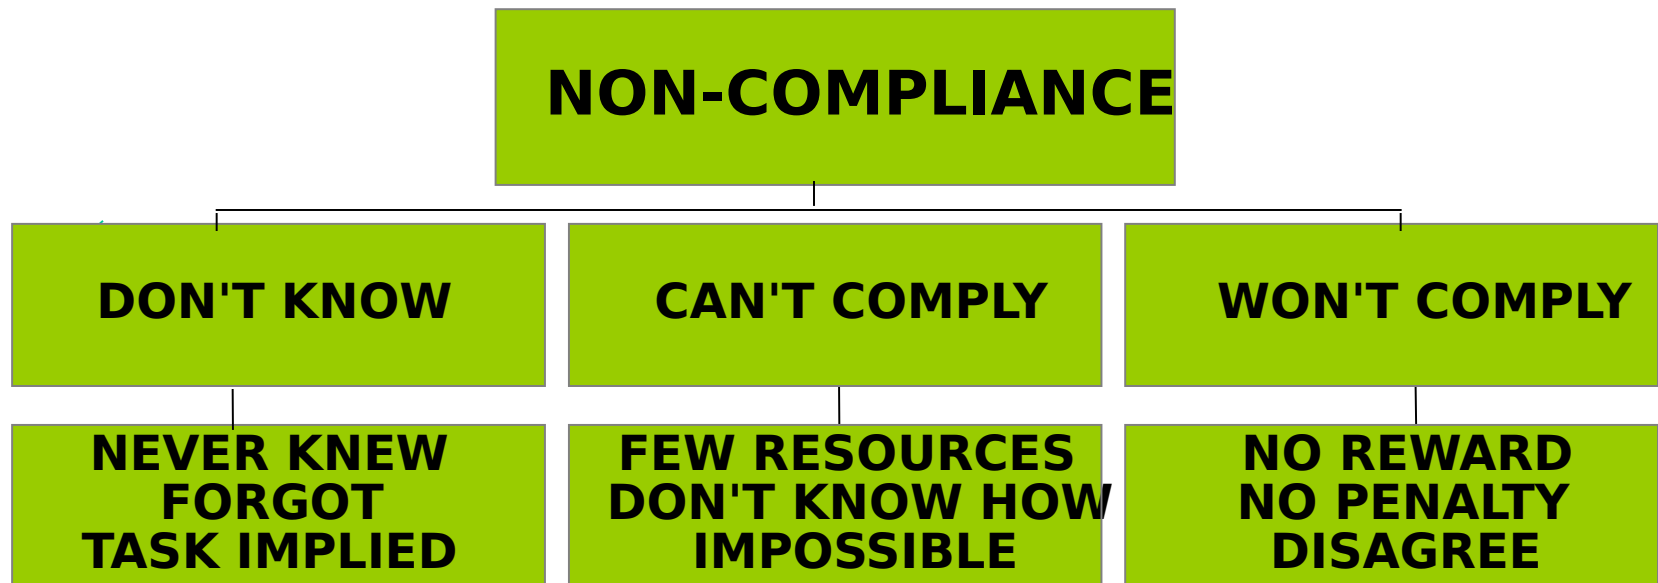

A standard is the way things should be.
